We can make it happen for you in a group, a pair or even solo. Unless you would like to organise for a larger group climb, our group climbs typically have 2-4 climbers with a maximum of 8.

MAJESTIC KILIMANJARO

Kilimanjaro is one of the world's most famous mountains and one of the seven summits. Crowned by snow all year round, it is the highest free standing mountain in the world and lies a few degrees from the Equator. Climbing Kilimanjaro with us will be an experience you'll remember for a lifetime. Our recommended routes are:

WHY BOOK WITH US?

1. Life Time Experience: Our dedicated guides & staff have years of field experience as well as a common love of sharing this great country with visitors. Whether traveling as a couple, group or on your own, we can design an expedition to suit your budget. We know what an investment climbing can be and so we take your comfort, safety, and experience very seriously. We want your climb to be one that you'll remember for a lifetime, for all the right reasons.

2. Community Support: We are committed to making a positive difference within the local community. We support sustainable projects that create a better future e.g. Paradiso Orphanage and our Education Scholarship Fund for Porters. Liana & Steve, Majestic Kilimanjaro's Business Partners donate their income & profit to these projects. We encourage you to visit our programs during your stay.

LEMOSHO ROUTE:

Due to the high success rate and the fact that it's a very scenic and mostly unspoilt route where you might see wild game, Lemosho is highly recommended. The route is longer with a steadier climb which helps acclimatisation. After 3 days it connects into the Machame route.

NORTHERN TRAIL

See the unknown side of Kilimanjaro! The Northern Trail is the spectacular route which starts in the west and traverses on the remote north side of Kilimanjaro where you can see down into Kenya. We ascend the summit via School Hut. It gives the best combination of both Lemosho and Rongai.

MACHAME ROUTE:

This route has a high summit success rate as it allows opportunities to 'walk high, sleep low' so you will acclimatise better. Like all the routes on Kilimanjaro, the Machame route is physically challenging but it offers stunning scenery with lots of diversity in the landscape, flora and birds.

RONGAI ROUTE

The Rongai route starts on the North Eastern side of the mountain & has fewer climbers than most of other routes. This trail can be used at any time of the year, even in the rainy season. On this route you will enjoy the view of the beautiful Mawenzi peak which is the second highest on Kilimanjaro, & spend a night on it's base.
